ENDORSEMENTS

"Ari Kandel is one of our finest trainers. He possesses a deep understanding of the principles of Guided Chaos and can be counted on to bring out the best in nearly any student. I have personally trained and tested him on many levels and Ari will satisfy any true search for martial ability that seekers may possess."

-- John Perkins, Founder, Perkins Self-Defense Systems and Guided Chaos

"Ari Kandel is a gifted instructor who will set you on the right path toward developing an effective set of close combat skills. I have trained with him on a number of occasions and he has demonstrated himself as one of the more talented and skilled practitioners of close quarters combat."

-- Lt. Col. Al Ridenhour, USMC

"Over the last several years, on numerous occasions, Ari Kandel has been a guest instructor at the New York State Zone 4 Police Academy. His personal combat skills are remarkable and he has a talent for training individuals in such a way that they acquire needed skills rapidly. He presents material in a real world fashion that each student directly relates to. His written critiques have been outstanding and the most common comment is that students want additional time to learn more of his craft. As Use of Force Coordinator and Rangemaster for the Academy I consider it to be an honor and privilege whenever we are fortunate enough to have Ari present at the Academy."

--Peter M. Tarley, Use of Force Coordinator and Rangemaster, New York State Zone 4 Police Academy
